AUDITOR'S REPORT

To the Members of the Legislative Assembly of Saskatchewan

I have audited the balance sheet of the Correspondence School Revolving Fund as at March 31, 1999 and the statements of operations and accumulated operating surplus/deficit and of changes in accumulated net expenditures for the year then ended. The Fund's management is responsible for preparing these financial statements for Treasury Board's approval. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Revolving Fund as at March 31, 1999 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

SASKATCHEWAN CORRESPONDENCE SCHOOL REVOLVING FUND
NOTES TO THE FINANCIAL STATEMENTS
March 31, 1999

1. Authority and Definition of Entity

The Revolving Fund was established April 1, 1990, pursuant to Section 11 of *The Education Act, 1995*. The purpose of the Saskatchewan Correspondence School Revolving Fund is to provide educational services at the high school level, Grades 9-12, to Saskatchewan residents through distance education.

2. Significant Accounting Policies

These financial statements have been prepared using generally accepted accounting principles. These financial statements do not present a cash flow statement because the required cash flow information is readily apparent from the Statement of Changes in Accumulated Net Expenditure and Note 7. The following accounting policies are considered significant.

a) Basis of Accounting

The accounts are maintained on an accrual basis of accounting.

b) Net Cash Expenditure/(Recovery)

The net cash expenditure/(recovery) is the total cash outflow from/to the General Revenue Fund. It represents the total annual financing requirements resulting from the net capital acquisitions, working capital changes and net cash flows from operations.

c) Accumulated Net Expenditure

The accumulated net expenditure of the Revolving Fund includes the following:

- I) Net expenditure/(recovery) for each fiscal year; and
- II) The book value of assets acquired at no charge from another government agency.

d) Capital Assets

Capital assets are recorded at cost. The cost and related accumulated amortization of items retired or disposed of are removed from the records and any gains or losses are included in the statement of operations and accumulated surplus. Donated equipment is recorded at fair market value.

Amortization is provided on office and audio/visual equipment on a straight-line basis at an annual rate of 20% from the date of acquisition. Computer software and hardware are amortized at an annual rate of 25% from the date of acquisition.

e) Inventory

Inventory is valued at the lower of average cost and net realizable value.

3. Authorized Financing

Section 11(12) of *The Education Act, 1995* provides for a maximum amount of accumulated net expenditures which may at any time be outstanding to be set by order of the Lieutenant Governor in Council. By Order in Council 776/90 the maximum amount has been set at \$1,200,000.

4. Disposition of Accumulated Operating Surplus or Deficit

In accordance with subsection 11(6) of *The Education Act, 1995* the Minister shall pay to the General Revenue Fund all or any part of any surplus in the Revolving Fund that Treasury Board may direct. Treasury Board has specified that the maximum accumulated surplus (deficit) for the Correspondence School Revolving Fund shall be \$100,000. Treasury Board has also specified that if at the end of the fiscal year the accumulated surplus (deficit) exceeds the maximum, then any surplus (deficit) in excess of the maximum shall, as soon as possible after the close of the fiscal year, be paid into (from) the General Revenue Fund.

5. Tuition Fees and Other Related Costs

The Revolving Fund's Correspondence School tuition fees and other related recoverable costs are described in the annual Correspondence School Calendar. These costs and tuition fees are reviewed periodically with the view to operating the Revolving Fund as close to the break even point as possible.

6. Capital Assets

	1999		1998	
	Cost	Accumulated Depreciation	Net Book Value	Net Book Value
Office & audio/visual equipment	\$ 18,651	\$ 17,158	\$ 1,493	\$ 2,042
Computer hardware/software	820,331	639,761	180,570	294,083
	<u>\$ 838,982</u>	<u>\$ 656,919</u>	<u>\$ 182,063</u>	<u>\$ 296,125</u>

Amortization provided in the financial statements for the current year amounted to \$174,911 (1998 - \$159,743)

7. Net Change in Working Capital Items Related to Operations

	1999	1998
(Decrease)/Increase in accounts receivable	\$ (659)	\$ 4,229
(Decrease)/Increase in prepaid expenses	(63,497)	35,035
(Decrease)/Increase in inventories	(7,999)	(6,067)
Decrease/(Increase) in accounts payable	19,001	(30,034)
(Increase)/decrease in unearned revenue	0	26,361
	<u>\$ (53,154)</u>	<u>\$ 29,524</u>

8. Amount Reported in Public Accounts

The net recovery of the Revolving Fund reported in the Public Accounts is the net income/(loss) of the Revolving Fund adjusted for the following differences in accounting policies and other adjustments between the Revolving Fund and the General Revenue Fund:

	1999	1998
Net income/(loss) from operations	\$ (146,585)	\$ (35,170)
(Increase)/decrease in inventory balance	7,999	6,067
(Increase)/decrease in net capital assets	114,062	64,459
Amounts not included in Public Accounts, due to timing	50,156	148
(Net financing requirement)/recovery, reported in the Public Accounts	\$ 25,632	\$ 35,504

9. Related Parties

These financial statements include transactions with related parties. The Revolving Fund is related to all Saskatchewan Crown agencies such as departments, corporations, boards and commissions under the common control of the Government of Saskatchewan. Also, the Revolving Fund is related to non-Crown enterprises that the Government jointly controls or significantly influences.

Routine operating transactions with related parties are recorded at the rates charged by those organizations and are settled on normal trade terms. These transactions are as follows:

	1999	1998
Telephone	\$ 35,145	\$ 34,940
Postage	62,246	39,431

Other transactions with related parties and amounts due to/from them are described separately in the financial statements.

In accordance with established government policy, the Revolving Fund has not been charged with certain costs including occupancy, financing and certain administrative costs. These costs have been absorbed by various departmental appropriations and, therefore, no provision is reflected in these financial statements.

10. Budget

These amounts are included in the budget submitted to Treasury Board for approval. Treasury Board approves the Revolving Fund's budget annually.

11. Financial Instruments

The Revolving Fund's financial instruments include accounts receivable and accounts payable. Due to their immediate or short-term nature, the fair value of these instruments approximates the carrying value.

The fair value of the accumulated net expenditure has been omitted because it is not practicable to determine the fair value with sufficient reliability.

12. Uncertainty due to the Year 2000 Issue

The Year 2000 Issue arises because many computerized systems use two digits rather than four to identify a year. Date sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using year 2000 dates is processed. In addition similar problems may arise in some systems which use certain dates in 1999 to represent something other than a date. The effects of the Year 2000 Issue may be experienced before, on, or after January 1, 2000, and, if not addressed, the impact on operations and financial reporting may range from minor errors to significant systems failure which could affect the Fund's ability to conduct normal business operations. It is not possible to be certain that all aspects of the Year 2000 Issue affecting the Fund, including those related to the efforts of customers, suppliers, or third parties, will be fully resolved.
